Description

THE FISHERMAN'S GOSPEL MANUAL is an inspiring collection of conversions of fishermen, and the triumphant but sometimes tragic experiences of life at sea.

Each short story, compiled by Graham Mair, makes compelling reading.

Throughout the book the urgent call to be saved by Jesus Christ is uncompromisingly illustrated, none more aptly, than through the heroic life of a fisherman, often rescued in difficult and perilous circumstances, in danger of being lost.

This is a book not only for every fisherman and his family, but a challenge to everyone to realize their need to accept Jesus as Lord and Saviour. The book is generously illustrated throughout with black and white pencil and ink drawings, making this a book to treasure.
