Description

This commentary looks at First and Second Corinthians in a concise but accurate way. There has been much confusion surrounding these two epistles written by the Apostle Paul.

Varying interpretations and even unscriptural practices have been drawn from its contents. This is unfortunate because there is much profit for believers today from the beginning to the end of these two epistles!

With this latest commentary from his COMMENTS SERIES, Leslie Grant once again explores God's Word with a helpful exposition of its contents. This is helpfully summed up in the forward of this book by Eugene P. Vedder, "Brief and concise, these comments attempt to explain, rather than explain away what God has said in this portion of His holy Word." I recommend this little volume to the reader and also into the gracious hands of the One who can alone bless its contents.

187 Pages - Softcover - Author: L. M. Grant
