Description

A new, beautifully produced, six volume edition with original text, but in a modern format. The chapters have been broken up into sections and given helpful headings. This rich devotional guide shows the unfolding of the revelation of the person and work of the Lord Jesus Christ in the Pentateuch. This commentary has provided precious spiritual help for over five generations. That "C.H.M." has been so widely known for over a century is particularly due to his Notes on the Pentateuch.

These classic commentaries on the Pentateuch have been continuously in print since they first appeared in the mid 1850s. Charles Mackintosh did not set out to provide a detailed commentary but rather to draw attention to Scriptural principles, illustrations and examples found in the books of Moses. In doing so, he describes with enthusiasm the plan of salvation – the nature of sin and God's abhorrence of it, God's remedy for sin and all its consequences through Christ's sacrificial death on the Cross, and the believer's relationship with God. Not forgotten is much moral teaching and advice. Mackintosh's style is warm, very readable and clear. Every reader will gain spiritually from his writings.

1960 pages - Hardcover - Author: C. H. Mackintosh
