Description

Interested in studying Bible prophecy but don't know where to begin?

This little handbook may be just for you.

The theological vocabulary used in describing prophetic truths can be mystifying with its various "pre" and "post" events, and its "isms." One of the main difficulties for some—besides the terminology used—has been trying to understand the chronological order of prophetic events predicted in the Scriptures. This little handbook has been compiled in an endeavor to help those interested in under-
standing the important subject of Bible prophecy by explaining the terminology, and in a simple way, outlining the order of prophetic events.

PART ONE – A Dictionary of Prophetic Terms PART TWO – A Timeline of Prophetic Events

Includes a foldout Chart of Daniel's Prophecy of the Seventy Weeks

About the Author

For twenty-seven years Brian Reynolds operated a Christian Bookstore in Dartmouth, Nova Scotia, Canada. Currently he teaches and prea ches the Word of God through an itinerant ministry regularly visiting assemblies and
Bible conferences in Canada, the United States, and Europe.
